

# THE CHEMICAL ENGINEERING UNDERGRADUATE SCHOLARSHIPS

## Terms and Conditions

Established in 1998 by the Faculty of Engineering and Information Technologies at the University of Sydney with funding from the School of Chemical and Biomolecular Engineering to encourage and assist candidates for the degree of Bachelor of Engineering, in Chemical Engineering.

The scholarship shall be awarded under the following conditions:

1. The name of the scholarship shall be the Chemical Engineering Undergraduate Scholarships.
2. The scholarships shall be open to all citizens or permanent residents of Australia who qualify in the final year of schooling to enter the Faculty of Engineering at the University of Sydney with a UAI of 90 or above.

## Tenure

3.
  - a. Each scholarship shall be tenable in Chemical Engineering and shall not be transferable to another branch.
  - b. The scholarships shall be tenable for 3 years only and subject to academic progress deemed satisfactory for a scholarship recipient, which shall be at minimum a good credit level (i.e. a weighted average mark of 70).
  - c. Each scholarship shall be tenable at the University of Sydney and shall not be transferable to another University.
  - d. Scholars shall not hold any other scholarship simultaneously.
  - e. Scholars shall immediately notify the Engineering and IT Scholarships Office of any change in personal circumstances, including changes of home and term addresses.
  - f. Scholars shall maintain regular contact with the Engineering and IT Scholarships Office. If a scholar fails to reply to a request from the Engineering and IT Scholarships Office within a reasonable time, payment of the scholarship stipend may cease.

## Awarding of the Scholarships

4.
  - a. The scholarship shall be awarded on the basis of academic merit (as indicated by the applicant's performance at the N.S.W HSC examination or equivalent), leadership potential and personal qualities.
  - b. The scholarships shall be awarded on the recommendation of the selection panels consisting of at least one member from the School of Chemical and Biomolecular Engineering.

## Value and Payments

5.
  - a. The value of the scholarship stipend shall be \$1,500 per annum, for 3 years only.
  - b. The scholarship payments will be made in March and July of each year.

## **Additional Conditions**

1. The Scholar will comply with all rules, regulations, by-laws, resolutions and other requirements made by the University with respect to both enrolment and attendance at the University and the taking up of the Chemical Engineering Undergraduate Scholarship.
  2. The Scholar will inform the Engineering & IT Scholarships Office if:
    - their course or enrolment is varied in any way;
    - their course is discontinued for any reason. In the event that the scholar discontinues their course any money paid to the student during that academic year must be paid back to the Faculty of Engineering.
  3. The scholarship may be withdrawn in the event of unsatisfactory performance in their academic studies.
  4. If the scholarship is withdrawn or terminated for any reason, the Scholar will, without any demand by the University, repay that part of the scholarship stipend received after the date of withdrawal or termination of the scholarship.
  5. The Scholar will not pursue a course of studies at any institution other than the University of Sydney.
