

Discovering Engineering Day 24th April 2009 - 0830 - 4pm University of Sydney

Calling all
Year 10 Students

Do you like
to solve problems?
Do you like
math and physics?
Do you want to
improve the world?
Do you want to
create new things?
Do you want to
work at the forefront of
technology?

For more information or to
nominate
students from your school,
please contact:

Trish Dimasi
(02) 9351 2131
pdimasi@usyd.edu.au

Then come to the Faculty of Engineering & IT
at University of Sydney
for a fun filled day of hands on activities and learn about the
differnt areas of engineering and IT that you can study.
We'll show you how Engineering has a hand in just about
everything; we touch, wear, eat, see, and hear in our lives.

You will learn about the following:

AEROSPACE ENGINEERING

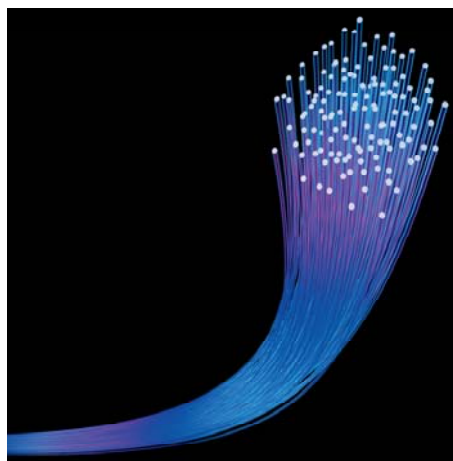

CHEMICAL & BIOMOLECULAR ENGINEERING

CIVIL ENGINEERING

ELECTRICAL & INFORMATION ENGINEERING

INFORMATION TECHNOLOGIES

MECHATRONIC ENGINEERING
