GOLDER ASSOCIATES PTY LTD CIVIL ENGINEERING SCHOLARSHIP

TERMS AND CONDITIONS

1. Establishment
   a. This Scholarship has been established by Golder Associates Pty Ltd ("Golder Associates") which is one of the most respected global groups specialising in ground engineering and environmental services. Employee-owned since our formation in 1960, Golder Associates employs over 7,000 people who operate from more than 165 offices across the world.

   b. This Scholarship is provided to support one student for the penultimate year of their degree program. The Scholarship is to benefit students who are undertaking a program of study in the field of Civil Engineering.

2. Eligibility
   a. This Scholarship is open to students who are in their penultimate year and are Australian Citizens or permanent residents of Australia and undertaking the Bachelor of Civil Engineering at the University of Sydney. Students should be in their penultimate year and undertaking study on a full time basis as a Commonwealth Supported student.

   b. For the purposes of the Scholarship, students must be enrolled on the census dates on a full time basis (as of 31 March and 31 August) to be eligible to receive this Scholarship. This Scholarship is awarded based on academic merit, therefore only high performing students should apply.

3. Ongoing Conditions of Scholarship
   a. The Scholarship will provide assistance with education costs for one year of the approved program for which the student is offered the Scholarship. The student must remain enrolled in the approved program for which the Scholarship was approved. In exceptional circumstances, the Faculty may, upon agreement with Golder, approve a variation to the program of study where this is consistent with the intent of the Scholarship.

   b. Satisfactory academic progress for the purpose of this Scholarship means that the student is expected to maintain at least a distinction average.
c. The Scholarship must be taken up in the year for which it is offered; acceptance of the Scholarship offer cannot be deferred. If a student declines the Scholarship offer, the Scholarship will be offered to the next eligible student.

d. Students must agree to accept the terms and conditions of the Scholarship and agree to provide personal information relevant to assessing their ongoing eligibility for the Scholarship. Students must advise the Faculty of Engineering and Information Technology of any change of details. An annual review of the Scholarship Program will be carried out to ensure that students continue to meet the conditions of the Scholarship.

e. Paid work experience may be offered to the scholarship recipient by Golder Associates. If this is to be offered, this will be separately negotiated between the scholarship recipient and the donor, outside the scholarship agreement.

f. Students may be requested to meet the Scholarship donor, attend the presentation of the award and/or provide a report to the Scholarship donor.

4. Value

a. The Scholarship will provide an amount of $4,000 payable in two instalments direct to the student following confirmation of enrolment at the census dates to assist with educational/living costs.

b. The maximum period of the Scholarship is for one year.

5. Administration of the Scholarship

a. The Scholarship will be administered by the Faculty of Engineering and Information Technology.

b. The Scholarship will be advertised on the University’s website at the beginning of the academic year. Students will need to complete an application form for the Scholarship and provide associated supporting documentation regarding their academic achievement.

c. Applications will be assessed by a selection panel including representatives from the relevant Faculty/School/Department, and the Scholarship donor. Students will also be required to attend an interview.
with Golder Associates. Final selection of the recipient is subject to the approval of the Faculty.

d. Successful recipients will be selected according to academic merit, leadership and team work and an assessment of those most likely to meet the graduate profile for a future Civil Engineer.

e. Academic merit will be assessed based on a minimum distinction average for the preceding year.

f. Any information provided by the applicant or additional information obtained for the purpose of selection of the scholarship recipient, will only be used for the selection process of this Scholarship and will be managed in accordance with the University of Sydney Privacy Policy and Management Plan. Information supplied on the application form will or obtained for the selection process will not be disclosed by the University or Golder Associates without the written consent of the applicant.

g. Students will be advised in writing of the outcome of their application. The Scholarship donor will be advised of the name of the successful Scholarship recipient and will receive a report of the progress of the successful applicant.

6. Termination

   a. The Scholarship will be terminated where
   b. A student ceases to be enrolled in the approved program of study at the University of Sydney;
   c. A student has failed to maintain satisfactory credit average
   d. A student has provided false or misleading information with regard to their Scholarship application;
   e. Are guilty of serious misconduct in terms of the University policy Rules for Student Conduct in the University.
   f. A student has engaged in conduct deemed likely to bring the profession into disrepute
